Edition

Oṁ̆

Commentary

The inscription is engraved above the entrance of the rock shelter at Tham In Sua, directly onto the rock. It is the easternmost inscription of the group (K. 1641-1. K. 1641-2 and K. 1641-3).

Although the inscription is weathered, it is still possible to discern the preparatory dotted guide marks made by the lapicide's tool.

Bibliography

Digital edition made by Chloé Chollet from a 3D model, to be published in Chevance *et al.* (2026).
