Apparatus

〈3〉 yō ha[ca. 9*] • The number of dots does not reflect the actual number of necessary characters. For the completion of the second *pāda* six more syllables are necessary, and 16 more for *pādas* c and d.

Commentary

Lines 1-3 of face A appear to reflect a separate inscription that ends in one of the typical Sanskrit imprecation *ślokas*. Without consulting the stone or estampage, however, this can not be fully clearified. The editors did not mention anything about different script ductus.
